

Are You the Man You Ought to be?

ARE YOU AS STRONG AS YOU LOOK? OR HAVE YOU WEAK NERVES, FAILING OR LOST VITAL POWER, WASTE OF STRENGTH, VARICOCELE, POOR MEMORY, DULL AND STUPID FEELINGS, LOST AMBITION, WEAK BACK AND GENERAL BREAKING DOWN OF YOUR MANLY POWERS?

Have you doctored without benefit? Is your stomach ruined from drugs and your money wasted? Are you tired of trying useless remedies? Then come to me. I have a positive and certain cure for you in

Dr. McLaughlin's Electric Belt

You put it on when you go to bed and sleep peacefully under the influence of its warming, vitalizing power. You awake full of ambition, with a healthy desire to tackle your day's work. Each day you gain new life from it, and soon begin to feel yourself a man among men. Each symptom of your trouble gradually disappears, strength takes the place of weakness, and your life is made happy by the restoration of your old health and vigor.

Vital Weakness and Kidney Trouble

HURLTON, Cal.

DR. McLAUGHLIN—Dear Sir: I commenced using your Belt a month ago today and I have nothing but words of praise for the manner in which it has benefited me. I felt the good effects the first night I wore it and it is helping me right along. I have to work pretty hard, but I feel stronger and better than I have for years. If any one had told me that it were possible for me to be so greatly benefited in one month's time I could not have believed them.

Yours truly,

H. H. BROWN, SR.

NEXT YEAR'S ADVERTISING

Hawaii Promotion Work Will Be Continued.

Community Will Be Asked to Carry on Campaign.

Loss of Governmental Appropriation Handicaps Work of the Committee.

Although cut off from further government aid and much handicapped in consequence thereof, the Hawaii Promotion Committee is already planning for a nine months' campaign of advertising and promotion for next year. A meeting of the Promotion Committee was held Thursday afternoon at which were discussed the plans for next year and at which it was determined to enlist the aid of the merchants and planters in the work already begun. The work of the committee is now being carried on by means of public subscriptions, and on the first of the year an active campaign will be inaugurated to secure funds for continuing the promotion work another year.

"We are making plans now for the campaign of 1904, contingent of course upon the acceptability of the work already done to the business men of the community," said Secretary Boyd yesterday. "The committee held a meeting yesterday at which were presented plans for advertising for the first nine months of next year, as arranged by the sub-committee. This report, in which was submitted a list of printed matter and publications to be used continuously for the next nine months was approved by the whole committee. It contemplates reaching seven and a half million newspaper and magazine readers, and preference is being given to those publications, which the replies already received demonstrate are the best for the uses of the committee. We have received approximately five hundred replies to our advertisements in fifty per cent of which the name of the magazine was specifically mentioned by the writer."

"The list of publications, some twenty in number, include popular, literary and scientific magazines. The committee plans if everything turns out well, to keep standing advertisements in these magazines through until next fall, when if sufficient funds are raised another progressive campaign will be carried on as was done this year."

"The committee is confronted with the necessity, in view of the acceptability with which publications already printed have been received on the mainland, of getting out new issues. The retrenchment policy of the governor has made necessary also the withdrawal of plans for printing of the two volumes advertised for by Commissioner Lansing. The committee is compelled to get along with \$2,000 less than had been estimated, and the committee yesterday considered new plans of advertising without the government appropriation. It is the intention of the committee to continue the work, although its future will be dependent upon the acceptability with which the results already accomplished are received by the business men of the Territory."

The committee by the next steamer will send out circular letters to the railroads of the countries notifying them that the San Francisco office of the committee is now at their disposal, and that the agent in charge there will do everything possible to aid them.

Mr. Muckley's Farewell.

Mr. Muckley will close his work with the Honolulu Christian church tomorrow when he will preach his last sermons for the church. Mr. Muckley and family will leave on the Siberia which may depart Sunday night.

THE POPE TO BE FREE.

Rumor has it in Turin that Pope Pius X. does not intend to remain "the prisoner of the Vatican," like his two predecessors. It is said that some time next fall he will come out of his retirement and will even leave Rome for a time. This is believed to be in accord with the views of what is known as the Venetian party in the Vatican. Final decision in the matter has not yet been reached. The Roman party in the college of cardinals is much opposed to such a step, but Pius X. is a very determined man.

PREACHERS ARE BARRED.

The constitution of Tennessee provides that, whereas ministers of the gospel are by their profession dedicated to God and the care of souls and ought not to be diverted from the great duties of their functions, therefore, no minister of the gospel or priest of any denomination whatever shall be eligible to a seat in either house of the legislature.

Tenders will be received by the Supt. of Public Works until 12 m. of Thursday, Dec. 31, for furnishing labor and material and constructing a pile structure for the extension of Queen street, also for repairing portions of Hackfeld and Queen street wharves.

SHRINERS' BIG DAY

The Procession Will Be Followed by Banquet.

When the sun breaks in the east this morning the members of Aloha Temple will become Orientals in all that garb and custom demands. This is their festal day and they will celebrate the event, afternoon and evening, at Progress Hall and in the night with a banquet at the Alexander Young Hotel. At Progress Hall a large number of sons of the desert are expected to be converted to the faith of Allah (whose name be praised) and a force of men has been at work getting ready for the balloon ascension and sand quadrille.

Promptly at four o'clock the procession, which is the usual accompaniment of the celebration, will leave Progress Hall march down Bishop street through the Palace grounds to Beretania and then back to Progress Hall. All during the time of the crescent moon the members of the nobility have been listening for the sound of the muezzin call and today they will hear it. The ceremony is expected to conclude at 9:30 o'clock when about eighty nobles will sit down to the banquet table at the Young Hotel.

RATE WAR IS THING OF PAST

The Chronicle says: Now that the Lothian, of the China Commercial Steamship Company, has sailed for Hongkong, and another vessel of the line will not be due for some weeks, the Chinese steamer rate to the Orient has been hoisted from \$2 to \$35 per passenger by the Pacific Mail and Toyo Kisen Kaisha lines, the most formidable of the China Commercial Company's competitors. It may be stated that the Occidental and Oriental line is as formidable a competitor, but as none of its steamers are in port, or will be for some days, this company has not thus far entered into the rivalry that has existed for the last two or three days.

When the Lothian went to sea on Wednesday afternoon, with 600 Chinese steamer passengers, who had paid \$15 each for the fare to Hongkong, the desire for this class of traffic seems to have suddenly left the Pacific Mail and Toyo Kisen Kaisha, the rate going up and only limited amount of space being available on the Hongkong Mail, sailing yesterday. Though ordinarily capable of carrying several hundred persons in the steerage, it was announced that only fifty Chinese could be accommodated. This number, who had taken advantage of the \$2 rate, sailed in the liner for Hongkong. Plenty of space and another \$2 rate will, it is expected, be available about the time fixed for the departure of the China Wo, the next of the China Commercial Company's line to sail hence. The rate of \$1 a ton on flour to Hongkong, and \$4 a ton on merchandise, quoted by the Pacific Mail and its allies to force the Chinese company out of business, will no longer prevail, or at least not until the China Wo arrives.

It is said that the low rate of \$3 a ton for flour from Portland, accepted by the Lothian, was negotiated before the vessel left Hongkong, although the competing lines here, believing, cut the rate to \$1 a ton. It develops that the big cut was all for nothing, and only the Pacific Mail and the Japanese lines will suffer a loss in consequence.

Didn't Sign His Name.

The following paragraph was handed to this paper, with the request that it appear in this morning's issue, upside down. It has always been our policy never to print an article unless the name of the writer is signed to the same, however, we have since learned the name of the writer.

Sujunpuno no... (The text is upside down in the original image)

TO PREVENT CROUP, begin in time. The first symptom is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given, all tendency to croup will soon disappear. Even after the croupy cough has developed, it will prevent the attack. There is no danger in giving this remedy as it contains nothing injurious. It always cures and cures quickly. Benson, Smith & Co., Ltd., Wholesale Agents, sell it.

Kentwell Going Abroad.

L. K. Kentwell leaves on the China for Manila to look after the business of the Hawaiian Realty Co. He will be gone about three months. The Government of the Philippines is opening up the public lands for agricultural purposes only and each corporation of a State or Territory registered there can get an allotment of 1500 acres by paying a nominal sum. Mr. Kentwell will get what belongs to the Realty Co.

A ride on the Heights electric cars is the best tonic.

They Bear This Label.

Your Hat Made-to-Order would cost you double what you pay for it ready-made—it would look no better nor last any longer, provided that you buy a fair-priced hat, would it?

When you are ready for your Spring Suit or Top Coat, instead of being measured at the tailor's and waiting a week or two for it, suppose you try the custom-made ready-to-wear

Stein-Bloch Smart Clothes and save enough to buy an extra pair of trousers and a hat. We assure you that you will be just as well satisfied in every particular, and "crack-up" Stein-Bloch Smart Clothes, just as strongly as do the many thousands of men, who have for years worn them in preference to the costly merchant tailored to-order clothes.

STEIN-BLOCH SMART SUITS AND SPRING OVERCOATS, \$15.00 to \$35.00.
